

# 2017 Summer Institute on Community Inclusion

THE STATE OF THE SCIENCE: WHAT DO WE KNOW? WHERE DO WE GO?

Searching for ways to develop effective services to support consumers' community participation goals?  
Looking for ways to shape new policies, programs, and practices based on state-of-the-science  
research?

The Temple University Collaborative on Community Inclusion invites you to join us on campus this  
summer, July 24 & 25, in Philadelphia to discuss state-of-the-science research related to individuals  
with mental illnesses and community inclusion. Based on the popularity of our previous conferences,  
spaces fill up quickly!

The Collaborative's 2017 Summer Institute, with support from the National Institute on Disability,  
Independent Living, and Rehabilitation Research, draws on more than a dozen years of sound research  
and partnerships with mental health programs and partnerships.
